

Diablo

[Bond](#)

It's my time to

(Be on with everyone that knows right now!)

(The wait is over!)

It's my time (to.)

(Diablo)

Let's go, let's go, let's flow, let's roll, let's go!

Let me turn up the levels as I dance with the devil,

I gave all caution to the wind, let me in, I want to settle.

Although I've sinned, I am human,

I will witness , I am fire and heat,

I'll burn the street and complete. (ya did)

Don't judge me for what I've done,

trust me for what I can become.

I am serious but wanna have some fun,

Can you hear me knocking?

I wannna let me in, let this show begin,

Don't tell them it's a sin, because it's my time to go.

Diablo

Why you selling your soul tonight?

Why you wanna steal the spotlight?

If you keep your head you'll be alright, you'll be alright

Diablo

Why you wanna take it so low?

Just to get your track on the radio

If you believe in love you'll say no

(Diablo)

I never expected that, life, it would come to this,

the dreams, move my cruelty and just .

Born in a broken home, got a lot to say, so just respect me,

expect the words from him and watch out how this verse begins.

So now I've come on the stage, don't send me a package whatever your age.

keeps ahead in the game, explain what's the price of fame.

I wannna let me in, let this show begin,

Don't tell them it's a sin, because it's my time to go.

I was thinking, as a tear dropped down my cheek and landed on my shoulder,

I could convert my pain into bars, and keep it in a folder.

I'm from the slum-dog, I never had the chance, like I was thrown into the sea, and tied to a boulder.

Angels follow my heart, (it) feels hollow.

They think I'm worthless, but I deserve this.

Pain, sweat, tears, I've struggled over the years,

don't judge me for what I've done, think about what I could become.

So much confusion, like life's illusion,

but I'm Prince Charming.

Miss the flight storm, flash of lightning

I never expected that, life, it would come to this,
the dreams, move my cruelty and just .
